

EUROPEAN GATEWAY SERVICES

-  Hutchison Ports ECT Rotterdam + EGS office
-  Seaport terminal
-  Hutchison Ports inlandterminal (+ EGS office)
-  Inlandterminal + EGS office
-  Inlandterminal
-  EGS connection
-  Partner connection

European Gateway Services (EGS) directly connects the ports of Rotterdam and Antwerp with the leading economic centres in Western and Central Europe. Our trains and barges maintain daily connections with inland terminals throughout the Netherlands, Belgium, Germany and Austria. We offer multimodal and synchronomodal transport, with a complete range of additional services on the deepsea and inland terminals, including local trucking right up to your doorstep. We would like to cooperate with you to develop tailor-made agreements and sustainable concepts for efficient transport of your containers.
